Our curriculum is set up to explore learning through a hands-on approach that requires skilled professionals to have the ability to promote what is being seen as well as knowing the curriculum well enough to make connections with other areas of the curriculum at the same time; i.e. development of grammar through an investigation or the use of speech. Candidates need to also recognise the small steps that a child needs to take and how this is recorded as part of their Individual Learning Plan. This skilled role will enable a child to unlock their learning and become confident learners – a privileged position indeed.
